

## Miao Youth Cultural Exchange Conference

On August 2, Zigen and the Guizhou Rural Cultural Society together held the Miao Youth and Cultural Exchange Conference at the main Zigen meeting hall in Leishan, Guizhou. The Queniao village Miao youth representatives elaborated upon Miao culture from the standpoints of Miao migration, costume, architecture, lusheng, songs and festivals. During the conference, the entire audience carried out a debate on “Whether to Advance by Means of Ethnic Culture”. Through this debate, everyone concluded that Miao culture requires advancement; at the same time, a deeper understanding of the quintessence of the culture is needed in order to strengthen it and foster its endurance.
